<th>10 July – 9 December 2024 (6 months) for website development, followed by ongoing training, maintenance, and revision for up to five years</th>
</tr>
</thead>
</table>
| Level of Effort | 46 days initially:  
- 40 days for website development  
- 6 days for maintenance within the period of 6 months after the website is launched |
| Place of Work | Remote with travel to Lao PDR and another ASEAN Member State(s), if required |

BACKGROUND AND RATIONALE

The Asia Foundation, through the ASEAN-Australia Political Security Partnership (APSP), is inviting proposals from reputable and qualified companies or individuals (hereafter referred to as 'consultant') to design, develop, and provide maintenance services to a website for the EAMF.

The EAMF is an annual Track 1.5 mechanism for the discussion of maritime issues among the countries of the East Asia Summit (EAS). The EAMF has discussed a wide range of maritime related issues, including the 1982 United Nations Convention on the Law of the Sea (UNCLOS), maritime connectivity, maritime security and safety, marine pollution, illegal, unreported, and unregulated (IUU) fishing and management, and the protection of marine ecosystems.

The website will enable important EAMF resources and materials that have been developed since its inception in 2012 to be made readily accessible.

QUALIFICATIONS AND CRITERIA OF CONSULTANT

The consultant should have:
- Strong record of website design, creation, and maintenance, as proven by at least three operational sites that can be verified as original (including collaborative) work and accessed for review;
- Experience in working with other ICT specialists to ensure the site’s necessary cyber security precautions and features, archival backup, a password-only section, optimal bandwidth, and other important ICT aspects;
- Experience in handling confidential documents with discretion;
- Proven ability to present original work to an engaged and inquisitive audience;
- Ability to respond constructively to requests and input from different stakeholders;
- Good proficiency in spoken and written English;
- Ability to deliver quality outputs within stipulated timeframes;
- Ability to communicate clearly and effectively with, and deliver training for, non-expert individuals involved with the website;

---

1 The East Asia Summit participating countries: ASEAN Member States, Australia, China, India, Japan, New Zealand, Republic of Korea, Russia, and the United States of America.
• Ability to travel at least once and possibly twice to ASEAN member state(s); and 
• Availability and capacity to provide website maintenance service for up to five years.

DELIVERABLES

A secure, functional, visually engaging, user-friendly, mobile-friendly, and disability-friendly website, reflective of the EAMF’s track 1.5 status and as comprehensive as possible.
• As the website will be hosted under one of the ASEAN Secretariat’s (ASEC) hosting platform and using the ASEAN.org sub-domain, the Consultant shall perform the necessary to set-up the website;
• A full working website with functionalities includes: responsive design; open-source repository of materials and papers presented at past EAMF meetings (allow upload of file(s) and link to existing file(s) from other websites); a password-protected with multi-factor authentification (MFA) access for EAMF members-only section; search function; security control; member management, and others;
• A security implementation plan

Knowledge transfer
• Develop a user manual and deliver a training for ASEC staff to perform content upload, system maintenance, and administration.

Source code handover
• Full source code including all developed libraries shall be handed over to The Asia Foundation.
• All preexisting intellectual property (IP), including text and images will be owned by ASEAN.

Support and maintenance
• Administrative and technical support, including website’s security and infrastructure, as well as quality control for up to 6 months (inclusive of bug and design fixing) after the website is launched and upon request (on call basis) for up to 5 years.

Other relevant tasks, including presentations of the draft website to the Steering Committee and ASEAN Senior Officials’ Meeting (ASEAN SOM).

ACTIVITIES AND INDICATIVE TIMELINE

Design and creation of the website are expected within 46 days (inclusive of maintenance over the period of 6 months (inclusive of bug and design fixing) after the website is launched but exclusive of other maintenance needs for up to 5 years).\(^2\) Timeline and payment for maintenance of the website will be discussed during the hiring stage.

**MANAGEMENT ARRANGEMENT**

The project will be implemented through APSP, supported by the Government of Australia, and implemented by The Asia Foundation. Technical backstopping for the deliverables will be provided by the Foundation. The Asia Foundation will also oversee the consultant, their contract, and their tasks and deliverables.

ASEAN SOM will determine what information will be posted in the open-source and members-only sections.

**HOW TO APPLY**
Interested companies/individuals are requested to submit an expression of interest/proposal outlining their qualifications, experiences and portfolio/company profile. These should be sent to Benjamin Zawacki, senior program specialist at The Asia Foundation (benjamin.zawacki@asiafoundation.org), by 10 July 2024.
